

2018 Mariners Landing Golf & Country Club Improvements

Greens Conversion

Conversion of Greens from an older variety of bentgrass (Penncross) to improved advance generation based genetic varieties of bentgrass (Shark, Cobra, & Barracuda).

These varieties are more disease resistance and allow for a better putting surface.

Landscaping

Holes 1,6, & 9-clubhouse entrance- clubhouse-tree removal holes 11,12, &15

Bunker Renovation and Drainage

15 Bunkers

Drainage Improvement

Drainage system 3 Greens, 2 fairways, 2 green surrounds.
